Breakfast in your garden, take a dip in your own private pool and head out for a walk along the seafront. This newly built ground-floor apartment at Residencial Mediterránea brings together three ways to enjoy life in Jávea, all in one location.

Located on Avenida Mediterrània, facing the bay and within a pleasant walking distance of Jávea's port, Mediterránea is an exclusive residential development comprising just 18 apartments. Its location combines the tranquillity of living by the sea with the convenience of having restaurants, cafés, shops and all essential services nearby, making it ideal for year-round living.

The building's architecture, with its curved lines, light-coloured façades and open terraces, creates a contemporary appearance that blends beautifully with the Mediterranean surroundings. In this apartment, the garden and private swimming pool take centre stage: your own outdoor space to read in the sun, enjoy a meal together or linger over lunch while the children play outside.

The interiors extend this feeling of space and connection with the terrace. The specifications include PORCELANOSA flooring or equivalent
