

A house with history

OLD TOWN CENTER, JÁVEA/XÀBIA - REF. V-459

MORAGUESPONS
MEDITERRANEAN HOUSES

Living in this corner of the Mediterranean, Jávea, is already a luxury in itself. Being caught by the charm of its narrow streets of whitewashed houses and framed with the rough stone that were once rescued from the shores of the sea is one of the privileges of living in this town. Our people.

As we passed the doors of this house we became a romantic past, where farm animals shared a roof with their owners and pampered when they returned to their stable, for in part, it depended on them that the harvest was fruitful; where the atmosphere of an attic that keeps secrets from a past that permeate the stay make us dream in its former inhabitants; where we feel another time, perhaps purer, perhaps more natural, perhaps more truly...

Dancing on its hydraulic floors, peeking out to its balconies, sitting down to listen to a nice piece of classical music on its sunny terrace, or just sitting and watching the passage of time, in this house becomes a wonderful experience to which you can opt out from tomorrow...
