MORAGUESPONS  
MEDITERRANEAN HOUSES

At MORAGUESPONS we love to have this type of properties for sale. Properties with details that give them character, that show the authenticity of the architectural tradition of Jávea; wooden beams, tosca stone, terracotta floors, etc...

Only 2 minutes walk from the village, we find this jewel that can become your next life project, create a home for you and your family in a quiet environment, full of light and with open views.

The house has two floors, both facing south. The main floor at garden level is distributed in several rooms and living areas, the upper floor is a guest flat with kitchen and living room plus a nice terrace. Both floors are connected by an internal staircase.

The garden extends in different directions creating a play of light and shadows, I am sure that once arranged it will be one of the favourite areas of the house.

Call us and let's go and see it.
