There are good locations... and then there is this one.

Casa La Marina is located in the very heart of the **Port of Jávea**, just **30 metres from the sea** and directly beside the promenade. A place where life happens outdoors, where everything is within walking distance, and where every square metre truly matters.

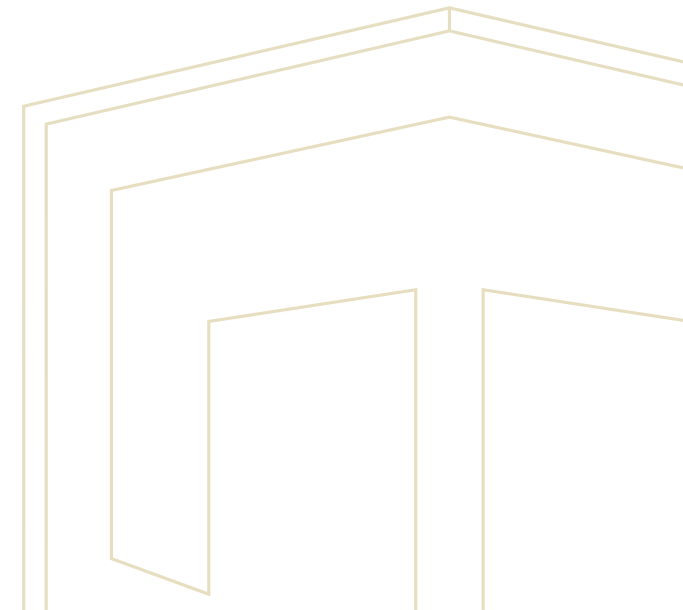

Currently used as an office, this **townhouse** is, in reality, a blank canvas with a solid foundation. A space with character, ready to be transformed into something truly special.

Surrounded by restaurants, shops and all essential services, **Casa La Marina** offers an exceptional opportunity to create either a distinctive home or a professional project in one of Jávea's most sought-after locations.

The property is arranged over **two main floors plus an upper level**, with plans available and several renovation options already studied. Everything is in place — all that's missing is your vision.
