MEDITERRANEAN HOUSES

Some homes stand out for their design. Others for their location. And then there are those practical, spacious and well-located properties that, quietly, offer almost everything you need to live comfortably from day one.

This apartment is located right in the centre of Gata de Gorgos, just a short walk from the church, shops, schools, restaurants and all everyday services. A very convenient location for those who want to live in the village without depending on the car for every errand, yet on a wide and quiet street, away from the noise of the busier areas.

The property is situated on the second floor without a lift, in a family-style building made up of a ground floor, first floor, second floor and a communal roof terrace.

With approximately 90 m², the apartment offers a spacious and very functional layout. It has 4 bedrooms, one of which is currently used as a sitting room, allowing the property to be easily adapted to different needs: family home, office, guest bedroom or reading room.

The living-dining room is spacious and bright, with hot/cold air conditioning. The property also has air conditioning in the main bedroom
