MORAGUESPONS  
MEDITERRANEAN HOUSES

This finca is a fusion of modern technology and traditional exterior style. This villa has a wonderful location, situated in the foothills of the Montgo and only 5 minutes from the old town. Esca finca has 3 bathrooms and 4 bedrooms, a large garden with views of the Montgo. This villa has a spacious living room with a fireplace. In the garden we find a salt water infinity pool with massage jets and a waterfall, all completely worked on a wooden terrace. Other main spatial characteristics of this villa are that the Rau River was removed stone by stone and was reformed with a lot of subtlety returning it to its original charm. There are also 2 driveways, 1 double garage with charging station for electric cars. Throughout the house great attention has been paid to natural and untreated materials of the highest quality, such as tosca stones.
