MORAGUESPONS
MEDITERRANEAN HOUSES

This is not just one big house, there are 2 of them. Two houses with the possibility of becoming one by knocking down the wall that separates them.

It is not easy to find houses of this size in Jávea , with so much potential and so little to do to become the family home you have always dreamed of.

I say family because of its size, its 5 bedrooms, its two lounges and its current two kitchens that could give rise to a large kitchen with a living area, or formal dining area.

You decide what to do in this house full of possibilities.

To bear in mind

- Apart from the exterior parking space, the house has 2 garages, one with a connection to the interior of the house.
- The swimming pool and garden area is very sunny, and the garden has different corners and living areas both in the sun and in the shade.
