I have always thought that it is a luxury to be able to live in the port of Jávea, to be able to walk to the sea, to be able to do the shopping without having to take the car, to go downstairs and have a coffee or buy bread. Although Jávea is not known for being a bustling town, quite the contrary, when you are on the terrace of this flat you realise the peace and quiet that surrounds you. The views of the Montgó and the surrounding nature make you feel in a wonderful atmosphere.

And what can we say about the flat, as soon as you enter it, it transmits the sensation of home. A flat ready to live in all year round, with a very functional kitchen and just the right spaces to enjoy a new life.

To take into account:

- Heating by radiators
- Urbanisation with garden and swimming pool
